*Explanatory memorandum to accompany the annual accounts for 1880-81.*

(A) Rs. 60-5-9, incurred on account of charges for office furniture of the collection office, was shown in the monthly statements under contingencies of that office, but under Commissioner's letter No. 991R, dated 21st September 1881, has now been transferred in the annual account under head "Tools and Plant."

(B) For the increase of Rs. 60-5-9, see explanation (A).

C. R. MARRIOTT.

*Vice-Chairman.*

*Abstract of a Report by the Chairman of the District Road Cess Committee, Mymensingh, on the Committee's operations for the cess year 1880-81.*

In this district the Road Cess Act came into actual operation since October 1875, and this report is therefore for the sixth year the Act has been in force. It seems to be popular and much appreciated by the people in general. The cess on lands was levied at the maximum rates ever since the Act has been introduced into the district, and the collections during the year under report amounted to Rs. 1,46,182, against the estimated demand of Rs. 1,45,776. The increase under this head is said to be due to revaluation of certain estates.

The majority of the members of the district road committee and of the branch committees in the several sub-divisions, with the exception of those who live at a distance from the stations, have attended almost all the meetings during the year.

The existing roads in the district have been thoroughly maintained and repaired during the year, and the sum expended was not inadequate to keep them in perfect passable order, so as to facilitate traffic in the district.

The sum expended on the construction and maintenance of village communications during the year was Rs. 37,184-13-4, and that on planting trees on district roads Rs. 274.

The percentage cost of establishments is considerably less than the maximum rate allowed under the Act, being Rs. 15·34 per cent.

The different establishments under the district road committee have performed their work satisfactorily.

J. C. PRICE,  
Chairman, Road Cess Committee.

R. H. GREAVES,  
Vice-Chairman, Road Cess Committee.

No. 416R, dated Dacca, the 17th March 1882.

From—F. H. PELLEW, Esq., Commissioner of the Dacca Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit herewith the annual accounts and reports of the road cess funds of the several districts of this division for the cess year 1880-81, received from the Chairmen of the Road Cess Committees concerned.

2. Under Government circular No. 973A, dated 14th September 1880, it is needless to recapitulate what has already been said in the reports of the district officers or to supply information which is obtainable from the accounts. I beg therefore to make the following brief remarks.

3. The collections of all the districts of the division were sufficient to meet the requirements of the year, and the object of the Road Cess Act, and the benefits conferred by it, were fully understood and appreciated by the people.

4. The construction of new works made very satisfactory progress in Mymensingh and Furreedpore. In the former district some of the most important works were completed during the year, and in the latter the Rajbari road, which is a railway feeder, has been completed, with the exception of certain bridges; and considerable progress has also been made in some other important roads. In Dacca and Backergunge, however, the progress in original works was not great. No explanation of the failure to carry out the programme of the year has been received from Backergunge, while that received from Dacca is hardly sufficient. In Backergunge better progress should have been made as the estimates of several roads received timely sanction.

5. Due attention appears to have been paid in all the districts of the division to the repair and maintenance of the existing roads. This is especially noticeable in the districts of Backergunge and Mymensingh.

6. The subject of village roads appears to have received proper attention in Backergunge and Mymensingh, where considerable sums of money were spent in their construction and maintenance. But it is to be regretted that the villagers should, as reported by the Chairman, Road Cess Committee, of the former district, give but little assistance for the construction of these works.

7. The progress made under this head in the Dacca and Furreedpore districts is small, especially in the sudder sub-divisions of these two districts, and in the sub-division of Madaripore in the latter. The explanation given by the Chairman, Road Cess Committee Dacca, seems to show that the subject of village roads is still imperfectly understood. By "village roads" are especially intended paths leading from one part of a village to another for the convenience of the villagers. If applications for grants and offers to make or keep up such works were, as stated by the Chairman, rejected because they were not of "sufficient public importance," the wishes and intentions of Government have, I think, not been attended to. It is very disappointing to find the sudder sub-division behind the mofussil sub-divisions in the working of this important part of the road cess system.

8. The alleged laxity of the villagers of the Sudder and Madaripore sub-divisions of the Furreedpore district in taking money and submitting accounts, as reported in the Chairman's letter, cannot be peculiar to these two sub-divisions only, and is probably the result of want of attention at head-quarters. I have drawn the attention of the Chairmen of both the districts to the subject, and hope that village roads will receive due consideration in future.

9. It is satisfactory to notice that the grants for village roads in the Dacca district were, in certain cases, supplemented by private donations.

10. It has been proposed to construct a number of feeder roads to the Dacca and Mymensingh Railway now under construction, and Government has promised assistance to this end.

11. The new Cess Act provides for the excavation of tanks for drinking purposes; but from the silence of the district officers on the subject, I presume very little has been done in this direction. In Furreedpore only one tank is reported to have been excavated during the year.

12. Fair progress appears to have been made in planting fruit-bearing trees in the districts of Dacca and Furreedpore; but proper attention does not appear to have been paid to the subject by the Road Cess Committees of Backergunge and Mymensingh. Throughout the whole of Mymensingh, and in several portions of Backergunge, trees can easily be planted on the roadside, and their growth will materially assist in keeping down jungle, which at present disfigures the roads in this division.

13. It has now been finally settled to open steamer communication between Furreedpore and Backergunge from the road cess funds, but the resolution has not yet been given effect to. The report of the Furreedpore Committee on the subject is also very meagre, and no notice has been taken of it in the Backergunge report. The matter was taken up with

the cordial assent of the Railway Company and at the suggestion of Government, and it is not creditable to the District Committees concerned that nothing definite should as yet have been done. The difficulties are imaginary, and a little determination would soon overcome them. I have directed the special attention of both the Chairmen to the subject.

14. The number of meetings held by the Branch Road Cess Committees of Moonshigunge, Goalundo, Patuakhaly, Atea, and Jamalpore was small; indeed, less than the minimum number of meetings required by law. I have drawn the attention of the Chairmen concerned to the subject, and requested them to see that the provisions of the Cess Act are duly attended to in future.

15. The average attendance of the members in general is not satisfactory. Most of the members reside at a distance from head-quarters, and this seems to account for the irregularity in their attendance. Those who attend, however, take interest in the management of the funds.

16. There has been some delay in the submission of the accounts and reports to Government. It is due to the non-receipt in this office of the Furreedpore accounts and reports until (2nd February last) sometime after the date on which they were due to Government. Explanation on certain discrepancies then called for from the Chairman were not submitted until the 8th instant. I have impressed on the Chairman the necessity of punctually submitting his accounts in future, and I hope there will be no occasion to notice similar delay in future.

## LAND SALE NOTICES.

NOTICE is hereby given that the undermentioned mehal situated in this district will be sold at the Hooghly Collector's office on the 23rd day of June 1882, corresponding with 10th Assar 1289 B.S. (Friday). Persons purchasing the lands will be subject to the following conditions:—

- (1) If the price be less than Rs. 100, the whole amount must be paid in at the time of sale.
- (2) If the price be more than Rs. 100 (one hundred rupees), one-fourth of the bid money must be paid in at the time of sale. On the 15th day of the sale (including the day of sale, which will be reckoned as one day) at noon if the balance of the sale money be not paid, the sale will be cancelled, and the deposit money forfeited, and the mehal will be re-sold on the liability of the defaulting purchaser on a fresh notice being issued.
- (3) The lands of this mehal will be sold to the higher bidder rent free.

TO  
THE COMMISSIONERS FOR MAKING IMPROVEMENTS IN THE PORT OF  
CALCUTTA.

Calcutta, the 6th June 1882.

GENTLEMEN,

WE have the honour to inform you that we have audited your cash and store accounts for the second-half of the official year 1881-82, and have found them to be correct.

2. The annexed statement of assets and liabilities shows your financial position at the close of the year.

3. All the revenue accounts, it will be seen, close with credit balances of larger or smaller amounts; but the transactions of the year 1881-82, considered apart from the accumulations of previous years, are as follows:—

Expenditure—				Rs. 23,501-6-8.
Ordinary ... ..	.....	1,47,756 4 8	1,47,756 4 8	

4. As regards your capital account, we observe that there were received during the year to credit of the various works—

	Rs.	A.	P.
From the revenue accounts of Parts I, II, IV, and VI as contributions for new works, and ...	1,24,468	0	0
By the raising of a debenture loan ...	10,62,687	8	0
The expenditure on works amounted during the year to ...	8,77,346	3	1
The unspent balance at the close of the year on account of works under construction was ...	6,84,241	3	9
The unspent balance on account of completed works on the same date was ...	47,593	6	8
Total ...	7,31,834	10	5
The overdrawals on account of completed works were ...	2,06,934	7	7
Ditto ditto works under construction were ...	331	0	4
The overdrawals on account of stock ...	60,953	3	11
Total ...	2,68,218	11	10

The cost of the works on account of which these overdrawals have occurred is for the most part, as sanctioned by Government, to be met either from loans which have not yet been raised or from the sale proceeds of surplus land which it has not been considered advisable for the present to sell. In this latter case a loan of Rs. 1,60,000 has, with the sanction of Government, been taken from Part IV to allow of the work being carried on. This loan will be repaid when the land is sold. The overdrawal on account of stock calls for no remark, and the few remaining items have been reported to Government, and sanction has been asked to meet these excesses from the savings on completed works.

5. During the year additions have been made to your block account to the extent of Rs. 7,58,327-15-5. On the other hand your block account has been reduced by Rs. 2,00,610, of which Rs. 1,41,000 represent the value of the riverside press house which was lately destroyed by fire, Rs. 55,110 the amount of the annual depreciation directed to be charged off from the block of the port proper, and Rs. 4,500 the value of the River Police steam-launch which had been twice added to the block account. On the 31st March last the value of your block as shown in your accounts was Rs. 1,19,11,804-0-6. Besides this amount, Rs. 8,16,425-11-10 had been expended on works which at the close of 1881-82 were still under construction.

6. The amount by which the loan from Government has been reduced during the year is Rs. 90,734-1, and the balance on the 31st March 1882 remaining to be paid was Rs. 51,62,829-13, besides the fixed loan of Rs. 17,65,000, which is not repayable.

7. Section 11 of Act IV (B.C.) of 1880 requires the Commissioners to accumulate by half-yearly instalments a sinking fund, of such an amount as will suffice to liquidate, in not more than 30 years, any loan raised by them, and in order therefore to comply with the provisions of the above section a sum of Rs. 10,104-13-1, or 2 per cent. per annum of the loan raised, was set aside from revenue as the first instalment towards the accumulation of a sinking fund to liquidate the loan of Rs. 10,00,000 raised during 1881-82. This sum is less than a sixtieth part of the loan raised; but it is calculated that if Government paper to the extent of Rs. 10,000 is purchased half-yearly, and the interest on investment again reinvested and so on, the sinking fund at the end of 30 years will have the requisite sum to liquidate the loan. We have, however, to point out that the Act referred to does not authorise the interest on these investments being taken into account in calculating the amount to be set aside half-yearly from revenue towards the formation of a sinking fund. In the case of the Calcutta Municipality the interest received upon the investment of the sums set aside from revenue for the sinking fund of the municipal loans is not allowed to be taken in reduction of the amount, 2 per cent. at least of

the loan raised, required by the Municipal Act to be set aside from revenue, but is treated as an addition to the sinking fund over and above the amount set aside from the revenue of the Municipal Commissioners. The matter, we would add, has been reported to Government for orders.

8. During the year 1881-82 a sum of Rs. 1,24,468 was contributed from revenue for new works and renewals, and the total amount contributed from revenue for this purpose to the end of 1881-82 is Rs. 41,19,988-14-1. This sum is exclusive of Rs. 40,313 contributed from the revenue of part IV towards the cost of the tug steamer, the value of which is shown in the Hooghly Bridge block, but includes the sum of Rs. 6,320-9-6 contributed from the revenue of the bridge. The balance on the 31st March last in your capital account is Rs. 40,57,680-13-8, and the difference Rs. 62,308-0-5 represents the value of a hopper barge which was sunk, and the wear and tear of certain steam cranes. We would add that in paragraph 7 of our report for the second half-year of 1880-81 the amount contributed from revenue for new works and renewals, and the amount written off on account of the hopper barge that had been lost, was overstated by Rs. 769-6-6.

9. The sources from which the expenditure upon block, works under construction and stock has been met are as follows:—

FROM  
THE AUDITORS OF THE ACCOUNTS OF THE COMMISSIONERS FOR THE  
HOOGHLY BRIDGE,  
TO  
THE COMMISSIONERS FOR THE HOOGHLY BRIDGE.

Calcutta, the 6th June 1882

GENTLEMEN,

We have the honour to report that we have examined the accounts of the Hooghly Bridge for the half-year ending the 31st March 1882, and have found them to be correct.

2. The following statement of assets and liabilities shows the financial position of the Bridge at the close of the year.

Net revenue	...	...	...	13,408	14	8
Total	...	...	...	31,90,330	10	6

3. The revenue and expenditure for the year 1881-82, considered apart from the accumulations of previous years, are as follow:—

	1st Half-year.			2nd Half-year.			Total.		
	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
Receipts	2,14,730	0	8	2,41,902	6	1	4,56,632	6	9
Expenditure—									
Ordinary	95,557	14	9	1,15,496	14	4	2,11,054	13	1
Contribution towards repayment of loan, Part V	378	6	0	386	15	0	765	5	0

Contribution for Reserve Fund	1,00,126	2	3	1,01,063	0	9	2,01,189	3	0
Contribution for over-bridge at Howrah	.....			25,000	0	0	25,000	0	0

The total receipts are Rs. 4,56,632-6-9, and the total expenditure Rs. 5,11,342-10-5, leaving a deficit of 54,710-3-8 on the transactions of the year. At the close of 1880-81 there was a surplus of Rs. 68,119-2-4, which at the close of 1881-82 has therefore been reduced to Rs. 13,408-14-8.

4. No contribution was made during the year from Revenue for new works which it would have been correct to have met from capital receipts, and the amount standing in your books, as contributed from Revenue for new works, is the same as that mentioned in our audit report for the second half of the year 1880-81, after allowing for a transfer back to Revenue of the unspent balances amounting in all to Rs. 102-9-5 of the funds provided from Revenue, for the cost of the steam tug *Helty*, and steam ferry *Buckland*.

5. During the year there has been no alteration in your block account, no additions to or deductions from this account having been made at the close of the year 1881-82, there were no works under construction. There remained, however, an unexpended balance of Rs. 24,238-14-3 out of the funds set aside from Revenue to meet the cost of a reserve section of the bridge. Out of this sum of Rs. 24,238-14-3, Rs. 23,587 has been invested in Government paper, and the interest on this investment has been credited in the revenue accounts of the bridge.

## The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series.—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

**Notice of Sale**

SECTIONS 59 AND 60, ACT VIII (B.C.) OF 1869.  
DISTRICT DINAGPORE.

*In the Court of Subordinate Judge at Dinagpore.*

• Execution Case No. 22 of 1882.

Gobinda Lal Roy of Tajhat, district Rongpur, judgment-creditor,

*against*

No. 1, Girish Chander Chackravarty; 2, Ram Chunder Lahiri; 3, Rattha Nath Chaudhuri; 4, Krishna Coomar Nag, guardian for the minor Shivendro Narayan Chaudhuri of Rajgunge, district Dinagpore, judgment-debtors.

**NOTICE** is hereby given that, on the application of Gobind Lal Roy, the judgment-creditor in the above case, made under section 59, Act VIII (B.C.) of 1869, an order has been passed by this Court for the sale of the under-tenure specified in the annexed schedule, in satisfaction of his claim for arrears of rent due in respect thereof, amounting with costs and interest to the sum of Rs. 10,260-4-6.

The sale will be by public auction. In the absence of any order of postponement, the sale will be held by the Nazir of the Judge's Court at the monthly sale commencing at 1 o'clock on the 7th August 1882 (Bengalee date 23rd Sravan 1889, at Judge's court).

In the event, however, of the debt, including costs above specified, and of the costs of the sale, being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly-authorized agent. No bid by or on behalf of the judgment-creditor above mentioned, however, will be accepted; nor will any sale to him be valid without the express permission of the Court previously given. The following are the further.

**Conditions for Sale.**

1. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction.

2. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided also that it shall be in the discretion of the Court or officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so.

3. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it, subject always to the provisions of section 291, Act X of 1877.

4. The person declared to be the purchaser shall pay, immediately after such declaration, a deposit of 25 per cent. on the amount of his purchase-money to the officer conducting the sale, and in default of such deposit the property shall forthwith be put up again and sold.

5. The full amount of the purchase-money shall be paid by the purchaser before the Court closes on the fifteenth day after the sale of the property, exclusive of such day, or if the fifteenth day be a Sunday, or other holiday, then on the first office day after the fifteenth day.

6. In default of payment of the balance of purchase-money within the period allowed, the property shall be re-sold after the issue of a fresh notification of sale. The deposit, after defraying the expenses of the sale, shall be forfeited to Government, and defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold.

Given under my hand and the seal of the Court this 20th day of June 1882.

AUGHORE NATH GHOSE,  
Subordinate Judge.

## PART III.

### Act of the Bengal Council.

GOVERNMENT OF BENGAL.

#### LEGISLATIVE DEPARTMENT.

[First Publication.]

THE following Act, passed by the Lieutenant-Governor of Bengal in Council, received the assent of His Honor on the 15th April 1882, and having received the assent of His Excellency the Governor General on the 9th June 1882, is hereby published for general information:—

#### ACT No. II OF 1882.

*An Act to amend the law relating to Embankments and Water-courses.*

WHEREAS it is expedient to make better provision for the construction, maintenance, and management of embankments and water-courses in the territories subject to the Lieutenant-Governor of Bengal: It is enacted as follows:—

#### PART I.

##### *Preliminary.*

1. This Act may be called "The Bengal Embankment Act, 1882."

Short title.

It extends to the whole of the territories subject to the Lieutenant-Governor of Bengal, except

Local extent.

the Sunderbuns, as defined under the provisions of clause 2, section 13, Regulation III of 1828, and the province of Orissa, save as otherwise expressly provided in Part VIII.

And it shall come into force from the day on which it may be published in the *Calcutta Gazette* with

Commencement.

the assent of the Governor-General.

2. From such day Bengal Act VI of 1873 (to amend the law relating to embankments and water-

courses), with the exception of the sections set out and schedules specified in schedule I to this Act annexed, shall be repealed.

The references in the said sections, which are mentioned in schedule II to this Act annexed, shall be read as if the references were made to the portions of this Act mentioned against such references respectively in the third column of such schedule.

Sections 80 and 81 of this Act shall be applicable respectively to the proclamation and notice mentioned in sections 26 and 28, Bengal Act VI of 1873.

3. The following words shall, for the purposes of this Act, have the meanings hereby declared, save where, from the context, a contrary intention appears:—

Interpretation.

"Collector" means any Revenue Officer in independent charge of a district or portion of a district, or specially appointed by the Lieutenant-Governor of Bengal to perform the functions of a Collector under this Act.

"District" means the local area throughout which a Collector is authorized to exercise his ordinary functions.

"Embankment." "Embankment" includes every bank, dam, wall and dyke, made or used for excluding water from, or for retaining water upon, any land;

every sluice, spur, groyne, training wall, or other work annexed to, or portion of, any such embankment;

every bank, dam, dyke, wall, groyne, or spur, made or erected for the protection of any such embankment or of any land from erosion or overflow by or of rivers, tides, waves, or waters;

and also all buildings intended for purposes of inspection and supervision.

"Estate" means any land or share in land included under one entry on the general register of revenue-paying lands and of revenue-free lands prepared and maintained by the Collector of a district under the Land Registration Act, 1876, or any similar law for the time being in force.

"Land" includes interests in land and benefits arising out of land, and things attached to the earth, or permanently fastened to anything attached to the earth.

"Public embankment" means an embankment maintained by the officers of Government.

"Public water-course" means a water-course under the charge of the officers of Government.

"Section" means a section of this Act.

"Tenure" includes all interests in land which are held permanently at a fixed rental, or which are held rent-free, other than estates as above defined.

"The Engineer" means the Engineer in charge of the public embankments of the district, or any part thereof, or any Engineer specially appointed by the Lieutenant-Governor of Bengal to perform the functions of an Engineer under this Act in respect of any tract of country or of any works.

"Water-course" includes a line of drainage, weir, culvert, pipe, or other channel, whether natural or artificial, for the passage of water.

"Zemindar" means all or any of the holders of an estate; and where two or more zemindars are jointly holders thereof, they shall be jointly and severally liable under this Act.

*Explanation.*—For the purposes of Part VI the Government shall be deemed to be the zemindar—

(a) of every estate of which the zemindari title is not vested elsewhere than in the Government.

(b) of every estate which is let in farm or held khas under the provisions of section 43 of Regulation VIII of 1793, in consequence of the proprietor refusing or omitting to engage for the settlement thereof.

4. Every public embankment and every public water-course and all land, earth, pathways, gates, berms, and hedges belonging to, or forming part of, or standing on, any such embankment or water-course, and every embanked tow-path maintained by Government, shall vest in the Government. The embankments mentioned in schedule D annexed to Bengal Act VI of 1873, and every embankment and water-course which may be included in such schedule under section 43 of this Act, and every embanked tow-path as aforesaid, shall be held on behalf of the Government; and all other public embankments and water-courses shall be held by Government on behalf of the persons interested in the lands to be protected or benefited by such embankments or water-courses, subject to the provisions of section 87; and all moneys received on account of such lands shall be credited

to the cost of the construction and maintenance of such embankments and water-courses respectively.

5. All plots or parcels of land which, before the commencement of this Act, have been used for the purpose of obtaining earth or other materials for the repair of any public embankment, water-course, or embanked tow-path as aforesaid, or which by agreement have been substituted for such lands, shall be deemed to be at the disposal of the Government for such purpose, without payment of compensation for the use or removal of such earth or other materials.

The Collector may cause all such plots or parcels to be ascertained, surveyed, and demarcated.

6. The Lieutenant-Governor may from time to time, by a notification in the *Calcutta Gazette*, declare the limits of any tract within which the provisions of clause (b), section 76, shall take effect;

and the said provisions shall take effect one month after the publication of such notification.

As soon as possible after the said publication, the Collector shall cause a translation of the notification in the vernacular to be published in the manner prescribed in section 80.

## PART II.

### *Powers of Collector and procedure thereon; Embankment Committees.*

7. Subject to the provisions of Part III, whenever it shall appear to the Collector that any of the following acts should be done, or works executed, that is to say:

(1) That any embankment which connects public embankments, or forms by junction with them part of a line of embankments, or that any embankment or water-course which is necessary for the protection or drainage of the neighbouring country, should be taken charge of and maintained by the officers of Government;

(2) That any embankment, or any obstruction of any kind, which endangers the stability of a public embankment or the safety of any town or village, or which is likely to cause loss of property by interfering with the general drainage or the flood drainage of any tract of land, should be removed or altered;

(3) That the line of any public embankment should be changed or lengthened, or that any public embankment should be renewed, or that a new embankment should be constructed instead of any public embankment, or that any embankment should be constructed for the protection of any lands or for the improvement of any water-course, or that a sluice in any public embankment should be made;

(4) That any sluice or water-course should be made, or that any public water-course should be altered for the improvement of the public health, or for the protection of any village or cultivable land;

(5) That any road which interferes with the drainage of any tract of land should be altered, or that any water-course under or through such road should be constructed

Alteration of roads and construction of water-courses.

he shall cause to be prepared estimates of the cost of such works, including such proportion of the establishment charges as may be chargeable to the works in accordance with the rules for the time being in force under this Act, or as may be specially ordered by the Lieutenant-Governor, together with such plans and specifications of the same as may be required. He shall also cause to be prepared from the survey map of the district a map showing the boundaries of the lands likely to be affected by the said acts and works, and he shall cause a general notice to be given of his intention to cause such works to be executed.

8. Such general notice shall as far as possible be in the form, and state the particulars mentioned in schedule III to this Act annexed; and to it shall be annexed a list of all estates and villages as far as is known, which are likely to be affected by the proposed work, and to be chargeable in respect of the expenses of executing the same; and a copy of the said estimates, specifications, and plans, together with a copy of the map as aforesaid, shall be deposited in the office of the Collector, and shall be open to the inspection of any persons interested, who shall be allowed to take copies thereof.

Form of notice.

9. Every such general notice shall be published in the manner provided by section 80 not less than thirty days before the day appointed for hearing the persons interested.

Proclamation to be published for thirty days.

10. The Collector shall, on the day appointed for the hearing, or on any subsequent day to which the hearing may be adjourned, hold an enquiry and hear the objections of any persons who may appear, recording such evidence as he may deem necessary.

Hearing of objections to works.

11. After holding such enquiry the Collector shall proceed as follows, that is to say—

Order after enquiry.

(a) If he considers that the proposed act or work, or any modification of the same, should not be done or executed, he shall record his opinion to that effect.

(b) If he considers that the proposed act or work, or any modification of it, should be done or executed, he shall submit a report to the Commissioner of the Division.

12. On receipt of a report submitted under section 11, the Commissioner, after making any further enquiry which he may deem necessary, may record an order refusing to support the proposal made in the report of such Collector for the execution of such work;

Order of Commissioner.

or may forward the report submitted by such Collector, together with any remarks he may think proper, for the consideration of the Board of Revenue.

13. On receipt of the report forwarded by the Commissioner, the Board of Revenue, after making any further enquiry which they may deem necessary, may record an order refusing to support the proposal made in the report of such Collector or Commissioner,

Order of Board.

or may submit such report, together with any remarks which may be thought proper, for the consideration of the Lieutenant-Governor.

14. On receipt of such report from the Board, the Lieutenant-Governor shall proceed to consider the same, and may order that the proposed act or the proposed work, or any modification thereof, be done or executed. Every such order shall be notified in the *Calcutta Gazette*.

Order of Lieutenant-Governor.

15. Notwithstanding anything contained in this Part, the Lieutenant-Governor may, by a special order passed in respect of any act or work specified in section 7, or by a general order in respect of any class of such acts or works, authorize the Collector, after holding such enquiry as is prescribed in section 10, without previous reference to any superior authority, to pass an order that such act or work or any modification thereof may be done or executed; or the Lieutenant-Governor may authorize the Commissioner or the Board of Revenue to pass such order without previous reference to any superior authority:

Special powers which may be conferred by Lieutenant-Governor.

Provided that every order passed under the authorization of the Lieutenant-Governor, given under this section, shall be subject to the provisions of section 85.

16. The Collector may make an order requiring that any railroad which interferes with the drainage of any tract of land be altered, or that any water-course under or through such railroad be constructed.

Alteration of railroads and construction of water-courses.

17. Whenever an order shall have been passed in cases falling under section 7, clause (5), or under the section last preceding, directing that any road or railroad which interferes with the drainage of any tract of land be altered, or that any water-course be constructed under or through such road or railroad, the Collector may require the person in charge of such road or railroad to make such alteration or construct such water-course, and in the event of such person failing to comply with such requisition in such manner and within such time as the Collector shall prescribe, the Collector may cause the road or railroad to be altered or the water-course to be constructed by the officers of Government; provided that in the case of a railroad no such work shall be undertaken by the officers of Government without the permission of the Lieutenant-Governor previously obtained.

Procedure of Collector.

The expenses of such alteration or construction shall be borne by the person in charge of the said road or railroad, so far as the same shall have been incurred on account of insufficient provision having been made at the time of the construction of the said road or railroad for the natural drainage then

Expenses of alteration or construction.

existing, and the remainder of the expense, if any, shall be charged upon, and recovered from, the proprietors of the lands benefited in accordance with the provisions of this Act. If any dispute arises as to the apportionment of expenses under this clause between the person in charge of a road or railroad and the proprietors of the lands benefited, the dispute shall be decided by the Lieutenant-Governor, whose decision shall be final.

18. (a) If any person desires that a sluice be made in any public embankment for the purpose of drainage or irrigation,

(b) or if, within any tract of country which has been included within a notification under section 6, any person desires that any new embankment be erected, that any existing embankment be lengthened, enlarged, repaired, or removed, or that the line of any embankment be altered, or that any new water-course be made, or that any water-course be obstructed or diverted,

he may make an application in writing to the Collector. The application shall contain such particulars of the land likely to be affected by the work as may enable the Collector to judge of the advantage which may be derived from the project. If it should appear to the Collector that the work applied for is one which may probably be executed with advantage, the procedure mentioned in the seventh and following sections of this Act shall be followed in respect of the proposed work.

19. Whenever the Collector, after considering any report of the Engineer or otherwise, shall be of opinion that the removal of any trees, houses, huts, or other buildings, situated between a public embankment and the river, is necessary, or that land is required for widening an existing embanked tow-path, or for constructing a new embanked tow-path, he shall make a report to that effect to the Commissioner, accompanied by a detailed statement of the trees, houses, huts, or other buildings to be removed, or of the land required. Such report shall be submitted in the usual manner through the Board of Revenue to the Lieutenant-Governor, in order that proceedings may be taken for obtaining possession of such trees, houses, huts, and buildings, or land in accordance with the provisions of the Land Acquisition Act, X of 1870, or other law for the time being in force for the acquisition of land for public purposes.

20. If any works proposed to be undertaken in accordance with this Act, or the lands which are likely to be affected by such works, are situated within the limits of different districts, the Collector of any district within which any portion of such works or lands is situated may apply to the Commissioner of the Division for authority to proceed in such matter; and the Commissioner of the Division, with the concurrence of any other Commissioner within whose Division any such lands are situated, may give authority to such Collector, or to any other Collector within whose district any portion of such lands is situated, to carry out all or any proceedings under

this Act in respect of all the lands affected by such works.

21. The Lieutenant-Governor may, if he think fit, appoint an Embankment Committee for any district, and may from time to time appoint and accept the resignation of the members of such Committee, and direct that any person shall cease to be a member thereof.

22. The Lieutenant-Governor may from time to time direct that any such Committee shall be consulted by the Collector in the discharge of any function or the performance of any duty imposed on him by this Act; and by a notification published in the *Calcutta Gazette* may from time to time direct that any such function or duty shall be performed or discharged by such Committee.

23. The business of every such Committee shall be conducted under such rules as the Lieutenant-Governor may from time to time make in that behalf.

24. Whenever, in any matter on which the Lieutenant-Governor has directed that the Collector shall consult the Committee, the Collector may differ from the Committee, he shall, if so required by the Committee, submit the question to the Commissioner of the Division for decision, with copies of any remarks which may have been recorded by the Committee or any members thereof.

### PART III.

#### *Procedure in cases of imminent danger to life or property.*

25. Whenever the Collector shall be of opinion that the delay in the execution of any work, occasioned by proceedings commenced by a general notice under the seventh and following sections of this Act, would be attended with grave and imminent danger to life or property, he may forthwith cause the execution of such work to be begun in anticipation of the completion of such proceedings: Provided that he shall without delay cause to be prepared the estimates, specifications, and plans of the proposed works, together with a copy of the map as provided in section 7, and shall cause general notice to be given that the work mentioned therein has already been commenced, and thereupon such proceedings and enquiries shall be had as in and by Part II of this Act are directed.

26. Whenever it may have been determined in the final order to be passed on any such enquiry that anything done by the Collector or by the Engineer under the last preceding section was unnecessary, any person who shall have sustained damage by the execution of such works shall receive compensation from the Government to be assessed according to the provisions contained in Part V of this Act, and on receipt of any application to that effect by the Collector from any such person affected, the land or the embank-

ments or drainage shall, so far as any alteration thereof shall appear to have been unnecessary, be, at the expense of the Government, restored as nearly as possible to the state in which they were when the Collector commenced to act under the provisions of this Part.

27. If any portion of the land likely to be affected by any work to be undertaken under this Part lies within another district, the Collector who causes the work to be executed, shall, when commencing upon it, give notice of the same to the Collector of such other district; and the provisions of section 20 shall be applicable to all proceedings connected with the work and the cost thereof.

#### PART IV.

##### *Powers of the Engineer.*

28. The powers conferred on the Engineer under this Act shall be exercised subject to the general control and orders of the Collector.

29. In cases in which the Engineer may be of opinion that delay for the purpose of obtaining the orders of the Collector would be attended with grave and imminent danger to life or property, the Engineer may exercise the powers conferred on the Collector by section 25. The Engineer shall forthwith report to the Collector any action taken by him under this section, and shall be guided by any instructions which he may receive from the Collector in respect thereof.

30. The Engineer may make any repairs in, and may do all acts necessary and proper for the maintenance of, any public embankment, public water-course, or any other work executed or taken charge of under the provisions of this Act or of any previous similar Act.

31. Whenever any person desires that a temporary roadway should be made over, or that a temporary water-course should be made through, any public embankment, or that a temporary dam should be constructed in any embanked river or public water-course, he shall apply to the Engineer, or to any person who has been appointed in that behalf by the Engineer. Such Engineer or person shall communicate the application with his opinion to the Collector, and shall await the Collector's order in respect thereof, unless he thinks that there is special reason for the immediate execution of the work, in which case he may execute the same without waiting for the orders of the Collector. If the proposed work is to be executed by an officer of Government, the applicant, before the commencement of the work, shall deposit the amount estimated by the Engineer to be necessary to defray the expenses of, and incidental to, making and removing such roadway, or of, and incidental to, making, closing, or removing such water-course or dam. If the amount deposited is found afterwards to exceed the amount required, such excess shall be returned to the said applicant.

32. Sluices constructed in any public embankment shall be opened or shut only by or with the general or special permission of the Engineer or of the officer in the immediate charge of the embankment, under such orders, either general or special, as he may receive from the Engineer.

33. It shall be lawful for the Engineer, or any person whom he may authorize in that behalf, in order to carry out any of the purposes of this Act, to enter upon, and survey, and take levels of any land;

to dig or bore into the subsoil;  
to do all other acts necessary to ascertain whether the land is adapted to the purpose projected by such Engineer, or by the Collector;  
to set out the boundaries of the land proposed to be taken, and the intended line of the work proposed to be made thereon;

to mark such levels, boundaries, and line, by placing marks and cutting trenches;  
and, where otherwise the survey cannot be completed or the levels taken, to cut down and clear away any part of any standing crop, fence, or jungle;

Provided that no person shall enter into any building or upon any enclosed court or garden attached to a dwelling-house (unless with the consent of the occupier thereof) without previously giving such occupier at least seven days' notice in writing of his intention to do so.

The Engineer or other person so authorized shall at the time of such entry tender payment for all necessary damage to be done as aforesaid, and, in case of dispute as to the sufficiency of the amount so tendered, he shall at once refer the dispute to the decision of the Collector, and such decision shall be final.

34. Whenever it is deemed requisite to repair any embankment or water-course, or embanked tow-path maintained by Government, it shall be lawful for the Engineer, or any person authorized in that behalf, to enter in and upon the lands mentioned in section 5, and take possession of, appropriate, and remove any earth or other material therefrom, and use the same for the purposes of such repairs.

35. The Collector shall proceed in respect of any crops standing on such land as provided in section 13, Bengal Act VI of 1873; and the provisions of that section shall be applicable to claims for the payment of compensation for damage done to such crops.

36. When any such land is rendered permanently unfit for cultivation by any such act as aforesaid, the local Government shall, upon application for that purpose made by the owner thereof, acquire such lands under the provisions of the Land Acquisition Act, 1870, or other law for the

time being in force for the acquisition of land for public purposes.

#### PART V.

##### *Acquisition of lands and compensation.*

**37.** Whenever, in the course of proceedings under this Act, save in those cases in which the Collector has proceeded under the provisions of sections 12 and 13, Bengal Act VI of 1873, it appears that land is required for any of the purposes thereof, proceedings shall be forthwith taken for the acquisition of such land in accordance with the provisions of the Land Acquisition Act, X of 1870, or other law for the time being in force for the acquisition of lands for public purposes.

**38.** Subject to the provisions of section 5, whenever any land other than land required or taken by the Engineer, or any right of fishery, right of drainage, right of the use of water, or other right or property, shall have been injuriously affected by any act done or any work executed under the due exercise of the powers or provisions of this Act, the person in whom such property or right is vested may prefer a claim by petition to the Collector for compensation:

Provided that the refusal to execute any work for which application is made, and the refusal of permission to execute any work for the execution of which the permission of the Collector or any other authority is required under this Act, shall not be deemed acts on account of which a claim for compensation can be preferred under this section.

**39.** No claim under the last preceding section shall be entertained which shall be made later than two years next after the completion of the work by which such right is injuriously affected.

**40.** When any such claim is made, proceedings shall be taken in view to determine the amount of compensation, if any, which should be made and the person to whom the same should be payable, as far as possible in accordance with the provisions of the Land Acquisition Act, X of 1870, or other law for the time being in force for the acquisition of land for public purposes.

**41.** In any such case which is referred to the Judge and Assessors for the purpose of determining whether any, and, if so, what amount of compensation should be awarded, the Judge and Assessors shall take into consideration—

*First*, the market value of the property or right injuriously affected at the time when the act was done or the work executed;

*Secondly*, the damage sustained by the claimant by reason of such act or work injuriously affecting the property or right;

*Thirdly*, the consequent diminution of the market value of the property or right injuriously affected when the act was done or the work executed;

*Fourthly*, whether any person has derived, or will derive, benefit from the act or work in respect of which the compensation is claimed, or from any work connected therewith, in which case they shall set off the estimated value of such benefit, if any, against the compensation which would otherwise be decreed to such person.

But the Judge or Assessors shall not take into consideration—

*First*, the degree of urgency which has led to the act or work being done or executed;

*Secondly*, any damage sustained by the claimant, which, if caused by a private person, would not in any suit instituted against such person justify a decree for damages.

#### PART VI.

##### COST OF WORKS, PROCEEDINGS, &c.

##### 1. *Ascertainment thereof.*

**42.** The provisions of section 47 and the following sections in this Part contained shall not apply to any of the embankments mentioned in Schedule (D) to Bengal Act VI of 1873 annexed, or which may be hereafter included therein, save so far as any works or repairs are executed therein or in relation thereto under the provisions of section 18 or of section 31; or to any of such embankments as may hereafter be erected for the protection of lands which at the commencement of this Act are protected by the embankments mentioned in the aforesaid schedule, save so far as the erection of such embankments may protect lands not protected by the embankments mentioned in the aforesaid schedule. All sums payable in respect of any works or repairs executed in or in relation to the embankments mentioned in the aforesaid schedule, except under the provisions of section 18 or of section 31, shall be paid by the Government.

**43.** If at any time after the commencement of this Act, on enquiry made by the Collector as far as possible in accordance with the provisions of Part II of this Act, it shall be found that it is unnecessary for the public interests to retain any embankment mentioned in the said Schedule (D), or any embankment or water-course which may have been included in the said Schedule (D) under the clause next following of this section, the Lieutenant-Governor may direct that the same shall be no longer included in the said schedule: Provided that the Lieutenant-Governor may restore the same to the said schedule if on any subsequent enquiry similarly conducted it shall appear to the Lieutenant-Governor that it is necessary so to do.

The Lieutenant-Governor may, at any time after the passing of this Act, by a notification published in the *Calcutta Gazette*, direct that any embankment not mentioned in the said Schedule (D), or any water-course, be included therein, and the provisions of this section shall apply to such embankment or water-course.

44. In accordance with the custom heretofore in force in respect of the pergunnahs entered in Schedule (E) annexed to Bengal Act VI of 1873, the Government shall continue to contribute annually the sum noted therein for each pergunnah respectively towards the maintenance of the embankments thereof.

45. If the embankments maintained in either the said pergunnahs shall at any time be declared to be public embankments under the provisions of section 7, the Collector shall, from the date of such declaration, keep a separate account for such pergunnahs, in which the aforesaid sum shall be credited at the commencement of each financial year. The unexpended balance at the close of each year shall be carried on to the credit of the account in the next succeeding year, and shall be available for the cost of repairing or erecting all the embankments which it may be deemed necessary to maintain in such pergunnah.

46. If at any time after the commencement of this Act, on an enquiry made by the Collector as far as possible in accordance with the provisions of Part II, it shall be found that it is unnecessary for the public interests to retain any embankment in either of the said pergunnahs, the Lieutenant-Governor may direct that such contribution shall cease in respect of such pergunnah: Provided that such contribution shall again be made in accordance with the provisions hereinbefore contained, if it shall appear to the Lieutenant-Governor, on the report of an enquiry similarly conducted, that the maintenance of any embankment in such pergunnah has again become necessary for the public interest.

47. Subject to the provisions of Part III of this Act, before the Collector or the Engineer undertakes, under the provisions of this Act, the execution of any repairs or of any work other than any new work of which the estimates, specifications, and plans have been prepared and deposited in the Collector's office for public inspection as provided in section 7, specifications and estimates of the expenses to be incurred in respect of the repairs or works, including such proportion of establishment charges as the Lieutenant-Governor shall direct, shall be prepared by the Engineer.

48. Whenever it appears that the actual expenses to be incurred in respect of any work will exceed by one-tenth any estimate of such work which may have been transmitted to the office of the Collector under the next succeeding section, the Engineer shall forthwith prepare further estimates, and, if necessary, further specifications.

49. Copies of all specifications and estimates prepared under the two last preceding sections shall be transmitted to the office of the Collector, together with vernacular translations thereof, or such abstracts thereof as the

Lieutenant-Governor may from time to time direct, and may be examined by any person interested in such works or repairs.

50. A general notice of the receipt of any such specifications and estimates shall be published in the manner prescribed in section 80, and in such general notice shall be specified all estates chargeable for, or likely to be affected by, the said works or repairs. Special notices shall also be served in respect of every estate in which the area liable to the assessment of the apportioned charge is likely to exceed one hundred acres; or instead of causing a general notice to be published, the Collector may cause special notices to the same effect to be served in respect of every estate chargeable for, or likely to be affected by, the said works or repairs. Should any objection in regard to such specifications and estimates be preferred by any such person within a period of one month from the date of service of such notice, the Collector shall pass such orders as may appear to him reasonable and proper.

51. The accounts of the actual expense incurred in executing any works or repairs, or of any portion of the actual expenses with which the Collector may determine to deal separately under this and the following sections, shall be prepared as soon as possible after the completion thereof. The Engineer shall sign a certificate stating the amount of all such expenses, and specifying the boundaries of the lands which are benefited or affected by the said works or repairs, and stating generally how and to what extent the lands so specified, or any parts of them, are affected. Any such certificate may be amended at any time before the Collector has made an order charging or apportioning the amount under section 58. On receipt of such certificate or amended certificate, the Collector shall cause a statement to be prepared of the villages of which any lands are benefited or protected by such works and repairs, and of the estates to which they belong, and, except as otherwise in this Act provided, the zemindars of such estates and villages shall be liable to pay the said amount. Copies of the said accounts, certificates, and statements shall be deposited in the office of the Collector, and may there be examined by any person interested.

52. General notice of the receipt and deposit of such accounts, certificates, and statements in the office of the Collector shall be given. Special notices thereof shall also be served in respect of every estate in which the area liable to assessment of the apportioned charges exceeds one hundred acres; or instead of causing a general notice to be published, the Collector may cause special notices to the same effect to be served in respect of every estate and tenure on or among the zemindars or tenure-holders of which any sum is charged or apportioned; and if, within one month of such general notice being given, or of such special notice (if any) being served on him, any interested person shall object to the accounts on the ground either that the work charged for has not been performed, or that the whole sum charged has not been expended, or that the rates of charge are higher than those mentioned in the estimates,

the Collector shall enquire into such objection, and pass orders thereon.

**53.** The Collector shall add to the amount appearing in the said certificate all sums which have been paid or have become payable in respect of the said works and repairs, whether as compensation, costs, and expenses under, and incidental to, any proceedings taken or directed to be taken under Part II or Part V of this Act, or under sections 26 to 29 of Bengal Act VI of 1873, as cost of making of surveys and plans, as cost of preparing the estimates, accounts, certificates, and statements, as cost of the issuing and service of notices up to date, or on any other account, and shall then make an order specifying the total sum found payable, and in respect of works done under section 17 and section 31 the persons by whom, or in respect of other works, the estates in respect of which, the same is payable to him. If the order is made in respect of work done under section 17 or section 31, the same shall forthwith be served upon the party or parties liable to pay; otherwise the Collector shall proceed under the provisions in the next Chapter contained.

Interest may be charged upon any sum paid as compensation from the date of payment thereof at five per centum, or at such rate, not exceeding five per centum per annum, as the Lieutenant-Governor may from time to time determine.

## 2. Liability for the costs and apportionment thereof.

**54.** The total sum aforesaid, save so far as is otherwise provided in this Act, shall be paid to the Collector by the zemindars of the estates in which are situated the lands benefited or protected by the repairs or works executed:

Provided that the sum standing to the credit of a pergunnah in Schedule (E) to Bengal Act VI of 1873 annexed in the account kept by the Collector, at the time when the total amount payable is fixed under the provisions of section 53, shall be deducted from the total amount payable in respect of such portion of any embankment as is situated in such pergunnah, and that the zemindars of the estates situated in such pergunnah shall be charged only with the balance of the amount (if any) which may remain payable.

**55.** Every zemindar, who is liable under the last preceding section for the payment of the whole or a portion of such total sum, shall be entitled to recover from the holder of every tenure held immediately under him, and from the holder of any land which is declared under the provisions of section 60 to form part of his estate, the sum apportioned to such tenure or land by the Collector under the provisions of section 59. And similarly, every tenure-holder shall be entitled to recover from the holder of any tenure subordinate to his own, and from the holder of any land declared under section 60 to form part of his tenure, the sum apportioned to such subordinate tenure or land by the Collector, under the said provisions.

**56.** So soon as the total sum payable as aforesaid has been ascertained, the Collector shall cause general notice to be given specifying the estates in respect of which any portion of such total sum will be chargeable and special notices to be served in respect of every estate in which the area chargeable exceeds one hundred acres; or instead of causing a general notice to be published, the Collector may cause special notices to the same effect to be served in respect of every estate and tenure on or among the zemindars or tenure-holders of which any sum is charged or apportioned. Such notices shall make it known that an enquiry will be held at a day and place therein named for the purpose of apportioning amongst the zemindars and tenure-holders the said total sum, with interest and the costs of apportionment.

Notice to be given before apportionment.

**57.** In any such enquiry the Collector shall take down in writing the names of all persons who may claim, or who may be alleged by any party interested, to be holders of tenures within any of the estates mentioned in such notice. In default of appearance of any such person, the Collector shall issue and serve a notice calling on him to appear at a date and place therein mentioned, and to show cause against being included in the order of apportionment to be made therein, and shall adjourn the enquiry till such date.

**58.** At such or any subsequently adjourned enquiry, the Collector, if there be only one estate liable, shall charge the zemindar thereof with the total amount payable; and if there be two or more estates, he shall apportion the same amongst the zemindars thereof, either—

- rateably in proportion to the respective benefits derived by such estates from such works or repairs; or
- in proportion to the areas of the lands benefited or protected thereby, and comprised within such estates respectively; or
- with the sanction of the local Government, in proportion to the amount of revenue payable for such estates respectively:

Provided that the said total amount payable in respect of the embankments on the right bank of the river Gunduk shall be chargeable, in accordance with the custom in force for such estates, to the zemindars of all the estates situated in the district of Sarun, in proportion to the amount of revenue respectively payable for such estates:

Provided also that the total amounts which may have been expended by the Government before the commencement of this Act, and the total amounts which may become payable in accordance with the provisions of this Act, on account of any year in respect of the embankments on the left bank of the river Gunduk in the district of Mozufferpore, shall be chargeable, and shall be deemed always to have been chargeable, in accordance with the custom hitherto in force in respect of such embankments; that is to say, chargeable to the zemindars of all the estates situated in the following pergunnahs, viz. Rati, Gadasand,

Hajipur, Bhatsala, Garjayl, Nae, Saresa, and Balagach, in proportion to the amounts of land revenue payable for such estates respectively, but so that the amount out of any total sum apportioned in respect of each estate in Rati, Gadasand, and Hajipur, shall bear such a proportion to the land revenue payable for such estate as shall be twice as great as the proportion which the amount apportioned in respect of each estate in the remaining pergunnahs shall bear to the land revenue payable for such estate.

59. The Collector shall, in like manner, except in respect of the said embankments on the right bank and left bank of the river Gunduk, charge or apportion the amount payable in respect of each estate upon or amongst the holders of the tenures therein rateably in the proportion of benefit so received or of area so benefited or protected, first deducting therefrom such sum as, on the like principle of proportion, is payable in respect of such portion of the estate as is not included within any tenure.

60. All lands held without payment of rent not being estates may, for the purposes of this Act, be deemed to form part of any estate or of any tenure within the local boundaries of which they are included; and, if they are not included within the local boundaries of any estate, then to be a part of such conterminous estate as the Collector in whose district such conterminous estate is situated shall, by an order under his seal and signature, declare.

61. The amount charged to or apportioned on any estate or tenure shall be payable in equal instalments on such days as the Lieutenant-Governor shall direct, provided that no instalment shall exceed four annas for every acre of land in respect of which the same is payable, and that not more than four instalments shall be payable in any one year.

Interest shall be charged on the unpaid portion of the said amount from the date of apportionment until payment thereof at five per centum or at such rate, not exceeding five per centum per annum, as the Lieutenant-Governor may from time to time determine.

62. If after the apportionment of the expenses of any works and repairs as above prescribed any expenses not included in such apportionment shall be found to have been paid or to have become payable on account of the said works or repairs, whether as compensation or otherwise, the Collector may proceed to apportion such further expenses in the manner in this Part provided.

63. Instead of the procedure prescribed above for charging upon and recovering from zemindars the expenses actually incurred in the repairs and maintenance of public embankments and water-courses and the works connected therewith, the Lieutenant-Governor may, by an order to be published in the *Calcutta Gazette*, direct that an estimate be made of the expenses to be incurred in respect of such repairs, maintenance, and works

during any number of years, not exceeding thirty, which he may think fit; and may by a subsequent order fix the total sum payable during such number of years by the zemindars of the estates benefited by such repairs, maintenance, and works;

Provided that no order fixing such total sum shall be passed by the Lieutenant-Governor until three months after the amount of such estimate shall have been published in the *Calcutta Gazette* and by a general notice calling on all persons interested to prefer to the Collector any objections they may think proper against such amount being fixed as the total sum. Every such objection shall be submitted to the Lieutenant-Governor for his consideration.

64. The period fixed in any order under the section last preceding may include also years previous to the commencement of this Act, provided that in such case the total sum mentioned in the said section shall be calculated by adding the amounts actually expended before the making of such order, to the estimate of expenses to be incurred during the rest of the period included in such order.

65. The total sum mentioned in section 63 or in section 64 may be made recoverable in respect of the expenses of repairs and maintenance, and the expenses of works connected with the repairs and maintenance—

- (a) of any protective works which may be specified in such orders;
- (b) of all the public embankments and water-courses in any district; or
- (c) of all the public embankments and water-courses within any tract of country specified in the order of the Lieutenant-Governor; and any such tract may contain the whole or portions of any one or more districts;

and no further sum shall be recoverable during such period in respect of the expenses of such repairs, maintenance, and works connected therewith, save so far as any such works or repairs are executed under the provisions of section 18 or of section 31.

But such total sum shall not include the expenses of executing any new works which may be undertaken under the provisions of this Act within any district or tract as aforesaid.

Whenever the Lieutenant-Governor shall declare that any work executed or to be executed within such district or tract is a new work within the meaning of this section, the cost of executing such work and of maintaining the same shall be payable by the zemindars to the Collector under the provisions of this Act, in addition to any total sum fixed under section 63 or section 64 as payable by them.

66. On publication of any order of the Lieutenant-Governor under section 63, the Collector shall proceed to charge or apportion the said total sum upon or among the zemindars and (except in respect of the embankments on the right and left banks of the river Gunduk as provided in section 58) among the tenure-holders who are liable to pay the same, as above provided.

67. The sum so apportioned in respect of any estate or tenure on account of any such period as is mentioned in section 63 shall be payable in equal portions in each of the years included in such period, and each such portion if unpaid shall carry interest at five per centum, or at such rate, not exceeding five per centum per annum, as the Lieutenant-Governor may from time to time determine, from the end of the year in which it is payable.

68. On the completion of any charge or apportionment under this Act, the Collector shall make an order specifying the estates and tenures in respect of which any sum charged or apportioned is payable, and the sums payable in respect of each of the instalments of such sums, and the dates on which such sums are payable.

### 3.—Recovery thereof.

69. As soon as may be after any final order of apportionment is made as provided in the section last preceding, the Collector shall cause copy of such order to be published with a general notice, stating that the amounts apportioned on the zemindars in respect of estates are payable to the Collector, and the amounts apportioned on the tenure-holders in respect of tenures are payable to the zemindars or superior tenure-holders. Instead of causing a general notice to be published, the Collector may cause special notices to the same effect to be served in respect of every estate and tenure on or among the zemindars or tenure-holders of which any sum is charged or apportioned.

70. If any such sum payable to the Collector, or any instalment thereof, be not, pursuant to the said order, paid, the same with interest may be recovered as arrears of a demand under the provisions of the Public Demands Recovery Act, 1880, or any similar Act for the time being in force.

71. When a recorded sharer of a joint revenue-paying estate has opened a separate account under Act XI of 1859, or under section 70 of Bengal Act VII of 1876, or any similar law for the time being in force for the regulation of the opening and maintaining of such separate accounts, he shall be entitled, in regard to the payment and realization of all sums due under this Act, to all the advantages of separate liability enjoyed by him under the said Act XI of 1859, and Bengal Act VII of 1876 respectively, in regard to the payment and realization of revenue, and shall be entitled to separate assessment and to the issue of a separate notice in every case in which special notice is by this Act required to be served, from the date on which such advantages shall take effect in respect of the demand of Government revenue.

Similar privileges shall attach to every recorded holder of a revenue-free estate who has opened a separate account under section 46 of Bengal Act IX of 1880 in respect of the amount of cesses payable by him.

72. Notwithstanding anything contained in section 70, any such sum shall be a first charge on the estate in respect of which it is apportioned, and shall be deemed to be a demand debited to the estate in the public accounts of the district within the meaning of section 31 of Act XI of 1859, and such charge shall not be avoided by any sale, nor shall the joint liability of the entire estate for such sum be affected by any partition of the said estate which may subsequently take place.

73. If the Collector thinks it inexpedient to proceed for the recovery of such sum or any part thereof under the provisions of section 70, or having so proceeded shall have failed to realize the sum due, he may, with the sanction of the Board of Revenue, raise the amount necessary to discharge the sum or instalment remaining unpaid—

- (a) by mortgaging the whole or any part of such estate;
- (b) by letting in farm or managing by himself or another the whole or any part of such estate;
- (c) partly by one of such modes and partly by another or others of them.

For the purposes of this section the Collector may exercise all the powers of the owner of such estate, and his signature shall be a good and sufficient signature to any document necessary to carry into effect the said purposes.

74. Every zemindar or tenure-holder to whom any sum or instalment thereof is payable under an order made in pursuance of section 68 may recover the same with interest as aforesaid in the manner provided for the recovery of arrears of rent in respect of putnee tenures by the provisions of clauses 2 and 3 of section 8, sections 9, 10, 14, 15, and clauses 1, 2, and 3 of section 17 of Regulation VIII of 1819, as amended by Bengal Act VIII of 1865, or by the provisions of any similar Act for the time being in force; provided that the right or interest of any person holding from the defaulter shall not be affected by any sale held under these provisions.

### PART VII.

#### Penalties.

75. Whoever wilfully obstructs any person duly authorized under this Act in removing or levelling any embankment, house, hut, or other building, or in the lawful exercise of any of the powers in this Act conferred, shall, in case such obstruction shall not amount to an offence within the provisions of the Indian Penal Code, be liable to imprisonment of either description for any period not exceeding six months, at the discretion of the Magistrate, or to fine not exceeding two hundred rupees.

76. (a) Every person who, in any of the territories to which this Act extends, without the previous permission of the Collector, shall erect, or cause to be erected, any new

embankment, or shall add to any existing embankment, or shall obstruct or divert, or cause wilfully permit to be obstructed or diverted, any water-course, if such act is likely to interfere with, counteract, or impede any public embankment or any public water-course;

(b) every person who, within the limits of the tract included in any prohibitory notification under section 6, without the previous permission of the

Penalty for unauthorized interference with embankments or drainage in prohibited tract.

Collector, shall erect, or cause or wilfully permit to be erected, any new embankment, or shall add to any existing embankment, or shall obstruct or divert, or cause or wilfully permit to be obstructed or diverted, any water-course; and

(c) every person who shall abet any such act as is mentioned in clauses (a) and (b),

Penalty for abetment of such acts.

shall be liable, on conviction, to a fine not exceeding five hundred rupees, or in default of payment to imprisonment of either description for a period not exceeding six months.

77. No person shall, without due authority, cut through, or attempt to cut through, any public embankment, or destroy, or attempt to destroy, any such embankment, or open or shut, or obstruct any sluice in any such embankment, or any public water-course; and every person who shall commit any breach of the provisions of this section shall, in case the act shall not amount to mischief within the meaning of the Indian Penal Code, be liable to imprisonment of either description for a term not exceeding one month, or to a fine not exceeding two hundred rupees.

Penalties for injuring embankments, &c.

78. Every person who shall make any dam or other obstruction for the purpose of diverting or opposing the current of a river or water-course wherein or whereon there are public embankments, without the permission of the officer in immediate charge of the embankments, or shall refuse or neglect to remove any such dam or obstruction made by him when required to remove by the Engineer, or without the permission of the Engineer previously obtained shall or otherwise alter the banks of any banked river or water-course, or remove the earth from any public embankment, or drive stakes into it, or by any other wilful act destroy or diminish the efficiency of such embankment; and every person who without such permission shall cause or knowingly and wilfully permit any cattle to graze upon any such embankment, or tethered upon any such embankment, or cut up any grass or other vegetation growing on any such embankment, shall be liable to imprisonment of either description for a term not exceeding six months, or to a fine not exceeding two hundred rupees.

Penalties for diverting rivers or permitting cattle graze on embankments.

Whenever any person is convicted of an offence under either of the three last preceding sections, the convicting Magistrate shall order that he shall remove the embankment or repair the damage, in respect of which the conviction is held, within a period

Directions to be followed in and damage.

to be fixed in such order. If such person neglects or refuses to obey such order within the fixed period, the Engineer may remove such embankment or obstruction or repair such damage, and the cost of such removal or repair shall be levied from such person in addition to any other penalty in the manner provided in section 307 of the Code of Criminal Procedure.

## PART VIII.

### Miscellaneous.

80. Every proclamation and general notice by this Act required to be issued or given shall be published by affixing a copy of the same in the office of every Collector, Sub-Divisional Officer, and Munsif within whose jurisdiction, and at every police-station within the limits of which, any lands affected by such proclamation or notice are known by the Collector to be situated; and by affixing copies of the same in conspicuous positions in such hâts, bazars, towns, villages, or other public places as the Collector may direct; and also by giving notice by beat of drum at such public places that such copies have been affixed and that one copy of the papers containing the information which is the subject of such proclamation or general notice is open to inspection by all concerned at the office of the Collector.

Mode of publishing proclamations and issuing notices.

81. Every special notice or order by this Act required to be served shall be served,

Service of special notices.

(1) by delivering a copy of the same to the person to whom it is directed, or, on failure of such service, by posting a copy on some conspicuous part of the house in which the said person resides, or by delivering a copy to any agent authorized to appear generally for the person to whom such notice or order is directed; or

(2) by sending a registered letter containing a copy of such notice or order directed to the said person at his usual place of abode, or at the place where he may be known to reside; or

(3) by posting a copy of the notice or order at the mal-cutcherry of the estate, village, or tenure to which the same relates; or if no such mal-cutcherry be found, on some conspicuous place on the said estate, village or tenure; or

(4) if the person on whom the notice or order is to be served is a zemindar, by delivering a copy thereof to the agent who shall have paid an instalment of revenue next before or who may pay the instalment next after the preparation of such notice or order, on behalf of such zemindar.

In all cases where two or more persons are holders of an estate or tenure, service under the last two clauses shall be deemed to be good and sufficient service on each and all of such persons.

82. In any enquiry or appeal held under this Act, the Collector and the Commissioner shall respectively have the same powers as those conferred on Courts by the Code of Civil Procedure of summoning and examining witnesses and compelling the production of documents.

Powers of Collector and Commissioner on enquiry and appeal.

83. No proceedings under this Act shall be impeached or affected by reason of any mistake in the name of any person thereby rendered liable to pay any sum of money, or in the description of any estate or tenure or land in respect of which he is rendered liable to pay; provided the directions of this Act be in substance and effect complied with; and no proceedings under this Act shall for want of form be quashed or set aside in any Court of Justice.

84. Every order passed by the Collector in respect of applications under section 18, and every order passed under sections 11, 50, 52, or 68, shall be appealable to the Commissioner of the Division, and every such order of the Commissioner, except when otherwise directed by this Act, shall be appealable to the Board of Revenue, but no appeal shall lie under this section against any order unless the same be presented within one month from the date of the order.

85. All the powers of a Collector under this Act shall be exercised under the general control and orders of the Commissioner of the Division, and all the powers of Collectors and Commissioners shall be exercised subject to the general control and orders of the Board of Revenue and of the Government.

Every order passed by any of the said authorities shall be subject at any time to be varied or set aside by the controlling authority.

86. Subject to the provisions of the two sections last preceding, every order passed by the Collector in respect of applications under section 18 and every order passed under sections 11, 50, 52, or 68, and every order passed by a controlling authority in respect of such order of a Collector, shall be final, and not liable to be modified or altered otherwise than as expressly provided in this Act.

87. Whenever the maintenance of any public embankment, or the retention of any land appropriated to the purposes thereof, may no longer be required, and the permanent relinquishment of the same may be deemed expedient, such land shall be restored by the Collector to the estate or tenure from which such land was originally taken on repayment of the compensation, if any, which was paid for such land when the same was taken for the purpose of the embankment. If persons who are entitled to the restoration of any land under this section, or any of them, refuse or neglect to pay such price within a reasonable time after demand, the same shall be sold by the Collector as a revenue-free holding for such price as he can obtain for the same. All sums obtained for lands conveyed under the provisions of this section shall, after the payment of all expenses incurred on account of the same, be applied to the payment of the cost of any new embankment or drainage works, or of the expenses of maintaining any embankment or drainage works affecting the said lands and other adjacent lands,

in reduction of the amount chargeable upon the zemindars and tenure-holders of the lands benefited, as hereinbefore provided, and any amount be so chargeable.

88. A Collector may delegate any of his powers under this Act to a Deputy Collector but from any order passed by a Deputy Collector to whom powers have been so delegated, an appeal shall lie to the Collector if presented within thirty days of the date of the order.

Every such delegation of powers shall be reported to the Commissioner of the Division.

89. All offences created by this Act shall be enquired into and tried by a Magistrate of the first or second class.

90. The Lieutenant-Governor may from time to time make rules consistent with the provisions of this Act to regulate the following matters:—

- (a) the proceedings of any officer who, under any provision of this Act, is required or empowered to take action in any matter;
- (b) the business of Embankment Committees;
- (c) the cases in which, the officers to whom, and the conditions subject to which, orders and decisions given under any provision of this Act, and not expressly provided for as regards appeal, shall be appealable;
- (d) the person by whom, the time, place or manner at or in which, anything for the doing of which provision made in this Act, shall be done;
- (e) the amount of any charge made under this Act; and
- (f) generally to carry out the provisions of this Act.

The Lieutenant-Governor may from time to time alter or cancel any rules so made.

Such rules, alterations, and cancelment shall be published in the *Calcutta Gazette*, and shall thereupon have the force of law:

Provided that no rules shall be made by the Lieutenant-Governor under the powers conferred on him by this section until a draft of the same shall have been published in the *Calcutta Gazette* for one month, after which time the Lieutenant-Governor may pass such rules as originally published, or with such alterations, additions, and omissions as he may think fit.

91. Nothing in this Act shall apply to any embankment, land, or water-course which is under the operation of any of the following Acts:—

The Bengal Drainage Act, 1880.

The Bengal Irrigation Act, 1876.

Bengal Act V of 1864. (An act to amend and consolidate the law relating to the collection of Tolls on Canals and other lines of navigation, and for the construction and improvement of lines of

navigation, within the provinces under the control of the Lieutenant-Governor of Bengal.)

## PART IX.

*Special provisions for the Province of Orissa.*

92. The powers conferred on the Collector by section 25 may, in the Province of Orissa, be exercised by the Superintendent of Embankments with the consent of the Collector previously obtained, and the references in the said section to other parts of this Act shall be deemed to be references to the corresponding portions respectively of Act XXXII of 1855 (*An Act relating to Embankments*). The consequences mentioned in section 26 shall attach to everything done by the Superintendent of Embankments under the provisions of this section.

93. In cases in which the Engineer in charge of any Embankment may be of opinion that delay for the purpose of obtaining the orders of the Superintendent of Embankments and the Collector would be attended with grave and imminent danger to life or property, the Engineer may exercise the powers conferred on the said Superintendent with the consent of the Collector in pursuance of the last preceding section. The Engineer shall forthwith report to the said Superintendent any action taken by him under this section, and shall be guided by any instructions which he may receive from him in respect thereof.

94. Sections 4, 5, 6, 34 and 76 shall extend to the Province of Orissa, the words "Superintendent of Embankments" being substituted for the word "Collector" in clauses (a) and (b) of section 76.

## SCHEDULE.

## SCHEDULE I.—(Referred to in section 2.)

(Portions of Bengal Act VI of 1873 which are not repealed.)

12. Whenever any land or earth from any person, is required for the purposes of any works commenced in pursuance of the provisions of the last preceding section, or for the purposes of section 18 in cases where the Collector shall be of opinion that proceedings for the acquisition of such land according to the provisions hereinafter contained in section 25, would cause delay as aforesaid, the Collector shall cause a proclamation to be issued in form in Schedule (B) annexed to this Act, giving notice thereof at convenient places in the locality in which such land is situated, and he may at the same time take possession of the same for the said purposes.

13. The Collector shall ascertain and record the nature and estimated value of the crops and trees (if any) standing on such land, and shall offer adequate compensation to the persons interested. If such offer is not accepted, the value of such crops and trees shall be allowed for in awarding compensation for the land under the provisions of section 29.

21 (Proviso).—Provided always that in case the Collector be of opinion that the delay required by such proceedings is likely to be attended with grave and imminent danger to life or property, it shall be lawful for him forthwith to cause such trees, houses, huts, or buildings to be removed, and in such case the compensation due therefor shall be ascertained and paid in the manner hereinafter provided.

26. Whenever any land shall have been taken or used under the provisions of Part III, the Collector shall cause a proclamation to be issued in form in Schedule (C) annexed to this Act at convenient places on or near the land so taken, stating that Government has taken possession of the land, and that claims to compensation for all interests in such land shall be made to him. Thereupon the land shall vest absolutely in the Government free from all encumbrances, subject, however, to the claims for compensation to be ascertained in manner as in this Part is provided.

27. Such proclamation shall state the particulars of the land so taken, and shall require all persons interested in the land to appear personally or by agent before the Collector at a time and place therein mentioned (such time not being earlier than fifteen days after the date of issuing the proclamation), and to state the nature of their respective interests in the land, and the amount and particulars of their claims to compensation for such interest.

28. The Collector shall also serve notice to the same effect on the occupier (if any) of such land, and on all such persons known or believed to be interested therein, or to be entitled to act for persons so interested, as reside, or have agents authorized to receive service on their behalf, within the revenue district in which the land is situate.

29. After service of such notice proceedings shall be had and taken to determine the amount of compensation to be payable in respect of such land, in accordance with the provisions of the Land Acquisition Act, X of 1870, or other law for the time being in force for the acquisition of land for public purposes.
